FLIPCAUSE WEBSITE PACKAGE

The Flipcause Website Package, or WebPack for short, is a completely free, optional service where your existing website content is copied over onto a new website platform via our partnership with **Weebly**. The aim of the service is to empower you to have more control over website management and updating, and to save you money on web hosting and designer fees!

| FAST AND FREE SETUP | WEBSITE HOSTING | SSL CERTIFICATE | MOBILE RESPONSIVE | CUSTOMIZABLE THEMES | VISUAL PAGE BUILDER | CONCIERGE |

WHAT YOU GET WITH A FLIPCAUSE WEBSITE

INCLUDED

✔ Website hosting and unlimited storage

✔ Fast and free setup

✔ Sleek, modern themes to choose from

✔ SSL Certificate

✔ On-demand free website updates and support from our Concierge Team

✔ Mobile device responsive website

✔ Unlimited pages

✔ Full control over website management & updates

✔ Code Embed

WHAT'S NOT INCLUDED WITH FLIPCAUSE

✖ Content creation, marketing services, strategy consultation (anything requiring us to make creative decisions on behalf of your organization. You're the expert—we're just here to execute on your vision!)

✖ Domain Hosting - We'll connect the new site to your current domain, which you will continue to own.

✖ SEO or web traffic analytics management

✖ Technical Support or assistance outside of the Flipcause Website Platform

✖ Email hosting- you'll need to maintain your own email hosting.

✖ CPanel or backend tools- Weebly doesn't offer access to the website file system.

ADD-ONS (may be subject to additional cost)

✔ **Third-Party Apps in the Weebly App Store**

Subject to additional costs to be paid by the organization directly to the app developer.
Please note: Flipcause does not troubleshoot apps, as they are developed by third parties.
